Odo-Clave® autoclave deodoriser

Neutralise autoclave odors with a choice of four fragrances

Heat-released deodorant pads neutralise autoclave odors with one of four pleasant scents. Simply open foil pouch and place pad in bag prior to autoclaving. Pads have a three year life span and will last longer if stored in a sealed container.

Clavies® autoclave safe bag clips

These clips can be opened and closed with one hand to easily and securely close the gathered top of an autoclave bag after it has been filled with wastes.

Stiff plastic design holds the bag neck closed while allowing release of internal pressure that can develop during the autoclave cycle

After autoclaving, the clip is left on the bag for final disposal
